## PERSONAL ACHIEVEMENTS

---

**#01. BUILT A PAYMENT GATEWAY PROJECT (01/2022 - 08/2022).**

*I built the frontend for a payment gateway for integrated payment solutions that has the potential of becoming one of the biggest and to compete with the likes of paystack and flutterwave . Link : <https://crossswitch.web.app/>*

### **#02. BUILT A ONLINE BANKING PLATFORM (10/2021 - 01/2022).**

*As a side project, I helped in building an online banking platform that consists of savings, loans, investments, savings, and other banking features that are yet to be launched.*

### **#03. HELPED TO CREATE A TAXI BOOKING APP CALLED ENSHIKA (03/2017 - 05/2017).**

*This project was created while I was at level 100 at university by a company headed by our university chancellor. I took 2 weeks to learn Java and collaborate to build the app, while I never knew Java before.*
